

Mark T. Brown, MD, FACS

Lindsay E. Young, MD

Paige Peterson, AuD PhD

Barry Casteneda, PA-C

## **Postoperative Instructions: Direct Laryngoscopy**

1. This is a well tolerated procedure in which the doctor looks into the mouth, throat, and sometimes the esophagus (swallowing tube).
2. Usually there is no post-operative pain or breathing issues. If these occur please call the office immediately. Mild soreness can be treated with Tylenol or Ibuprofen.
3. The surgery center will call you 1-2 days prior to your surgery date to **confirm appointment time and give pre-operative instructions.**
4. Please call as soon as possible to schedule a follow up 1 week after the procedure.

**Surgery Center:** \_\_\_\_\_

(Please take your surgery center brochure with you.)

Note: No Pre-op labs needed unless ordered at appointment.
